## New Presenter/DJ/Transmission Artist: Demo Script

THANK YOU so much for your interest in creating a radio show on KFGM-FM Missoula Community Radio. We sincerely appreciate your creative expression!

To be eligible for a new show you must submit a 30 minute recorded demonstrative example of your intentions. **\*\*Please review our handbook before you begin so you are familiar with station policy and FCC regulations. (Found on our website or at the MCAT desk.)\*\*** Following review by station administration, you will then schedule a shadow/ co-presenter session with a willing on-air station representative. If you both feel comfortable with the on-air studio, you will then be able to fill-in for absent presenters. After 3 fill-in shifts you are eligible for an open slot!

Our gracious partners at MCAT are here to train you on the use of a simple mixer to record your demo in their podcast studio space. This will give you the feel of operating multiple “pots” and channels before training in the on-air studio. Be sure to include multiple mic breaks (more than you may typically) in your session so that we have a feel for how you will operate this interface. If you intend to have a more talk oriented format you may consider bringing a studio guest in to the podcast studio for your demo session (if you produce a quality product we can then air this as prerecorded content).

### DEMO SCRIPT

(hourly legal IDs must air within 3 minutes of the change of the hour; all other time stamps are suggestive of appropriate breaks and should be integrated into the content)

15:00 Cross-promote KFGM programming: Example (feel free to editorialize): **If you haven't already caught the “Radio Disorder” show, I highly recommend checking it out. It airs on Mondays from 1 until 4. Floppy has been consistently putting together a highly topical, well curated music show. Their selected sound bytes of current events between songs really makes their show special. That's “Radio Disorder” on Monday afternoons from 1 until 4.**
